Statement regarding 'conflict minerals'

Dear Sirs,

The term "Conflict Minerals" is defined by Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act and its implementing regulations. At this time this section concerns the following metals: gold, tantalum, tin and tungsten.

It is our formal policy to avoid the use of "Conflict Minerals". This is achieved by applying the following two rules to our daily sourcing practice:

- In case of primary raw materials we only buy from CFSI (conflict-free sourcing initiative) compliant sources.
- In case of secondary raw materials we require an official declaration as to the nature of the material since 'scrap' is excluded from the rules incorporated in Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act and its implementing regulations.

On behalf of KBM Affilips B.V., KBM Master Alloys B.V. and Affilips N.V.

Yours sincerely,
KBM Affilips B.V.

G.M.J.L. Gielen
Managing Director

Statement regarding the sourcing of cobalt

Dear Sirs,

Awareness regarding the need to adapt responsible sourcing principles for cobalt is growing in the metal industry.

In this respect we want to state that it is our formal policy to purchase cobalt only from trusted sources that explicitly reject any form of forced or child labour as laid down in the Code of Conduct of the KBM Affilips group of companies with is published on the KBM Affilips website.

On behalf of the KBM Affilips group of companies.

Yours sincerely,

G.M.J.L. Gielen
Managing Director
